National Honor Society Expectations of Membership

Membership in the National Honor Society (NHS) is one of the highest honors that can be awarded to a high school student. Our chapter has worked hard to bring the accomplishments of outstanding students to the attention of parents, teachers, peers, and the community. Membership in the NHS is a privilege, not a right, and inducted members are required to do the following to maintain their membership status:

- I. Embody the pillars of character, leadership, service, and scholarship
 - a. Character: students will display an untarnished character with regards to all school rules and expectations of conduct
 - b. Leadership: students will be positive role models in the school environment and strive to be a good influence on their peers
 - c. Service: students will complete no less than 10 hours of community service per school semester
 - d. Scholarship: students will maintain a cumulative GPA of no less than 3.5 (weighted)

- II. Actively participate in meetings, votes, service projects, and other “all club” activities
 - a. Students must attend 75% of scheduled meetings. Missed meetings will result in increased community service requirements
 - b. A minimum of 5 of the required 10 service hours per semester must be through an approved all-club service project
 - c. Students must participate in 75% of all votes, surveys, or other participatory practices of the club, whether they take place at meetings or online

- III. Maintain all paperwork documenting student participations
 - a. Students will submit a record of their service hours (including club related events) to the appropriate officer twice a school year. The due dates for these records will be announced each year at the first club meeting
 - b. Students will be responsible for monitoring their participation/attendance records and ensuring that all records published online are correct and up to date

Discipline and Dismissal

If NHS students fall below the club standards stated above, they will be notified of their violation in writing. For first time offences, students will be informed of the nature of the violation and given a specific period for improvement to be documented on these areas. More serious first time offences, including academic dishonesty or other school conduct violations, can be grounds for dismissal from NHS. Any offences that warrant the dismissal of a member will have the consequences decided upon by the Faculty Council.

National Honor Society Pledge and Ethical Code of Conduct

I, _____, have read the "Expectations of Membership" sheet.

I pledge to maintain my high scholastic standing, to hold, as fundamental and worth, an untarnished character, to endeavor, intelligently and courageously, to be a leader, and to give of myself freely in service to others. In so doing, I shall prove myself worth of a place in the National Honor Society.
(the above pledge is given by all members of NHS throughout the country)

In making this pledge, I understand that I am promising to hold myself to an extremely high standard of conduct. I will not only refuse to participate in any conduct that violates moral codes inducing, but not limited to, academic dishonesty, stealing, lying, or any other practice that erodes my character, but I also promise that I consider such practices to be a reflection of poor ethical conduct.

I recognize that to be in the National Honor Society, I am choosing to be a leader in my school and to be held to such a standard that means that I should be above even the suspicion of wrongdoing. It is therefore my responsibility to avoid any activity that even suggests any violation of ethical conduct.

Finally, I understand that if I do fall short in my moral responsibilities, I shall hold myself responsible for notifying the club advisor and possibly stepping down as a member of the National Honor Society. To not do so would be to purposefully deceive an organization that assumes I will be accountable for my actions.

I honestly swear that I have read and agree with the above statements.
